

Electromagnetic table drilling & tapping machine

930H

❖ Product Features

- Special design of tapping handle makes tapping operation easier, any time you need right direction rotating for tapping or reverse for withdrawing just push it downward or release, even tap on a high hardness steel, this machine can attain it's function perfectly.
- All the drill sleeves and tap fixtures are rapid-adaptor, the most convenient for replacement.
- With safety torsion fixture, the torsion force of each fixture are adjuated to match what they need to protect taps from being broken while operating.
- The speed rates of this machine are changeable while operating, and the safety of gears are ensured.
- The most suitable for machinery parts, fittings, press modules, other modules and work-pieces.
- Working table is an electronic magnet it can attract and release work-piece quickly.

※ Specifications

Model	930H
Drill Capacity	1/4"~1-1/4" 6~32mm
Tapping Capacity	3/8"~1-1/8" 10~30mm
Power	220V 3-Phase
HP	2
R.P.M.	756 456 303 186 127 51
Feeding Stroke	100mm
Body Stroke	150mm
Distance of Spindle Endto Base Plate	1000mm
Distance of Spindle Endto Table Top	630mm
Diameter of Column	102mm
Diameter of Table	380mm
Base Working Area	600x380
Table Stroke	480mm
Height	1530mm
Torsion Fixture Standard Fitting	7
Drill Sleeve Standard Fitting	3
Fittings Weight	8kgs
Machine Weight	152kgs
